RE: Proceeding 03-16

Dear Ms. Dortch:

This letter is in support of SBC of Michigan's efforts to provide long distance service to Michigan residents.

A favorable decision by you will enhance the spirit of competition in this market and give consumers a viable choice for long distance. It's a winning proposition for this community and long overdue.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Renell B. Weathers', with a long horizontal flourish extending to the right.

Renell B. Weathers
Michigan Resident
